

## Retrofit with DOBLI<sup>®</sup> blind spot mirror before April 2009

### Purpose of EU-Directive

- ⇒ **Sight improvement**
- ⇒ Reduction of blind spot accidents
- ⇒ Protection weakest road users
- ⇒ Reduction of economic damage

### Retrofit heavy commercial vehicles

- ⇒ Heavy trucks and vans
- ⇒ Category N2 and N3
- ⇒ Weight above 3.5 metric tons
- ⇒ Registered after January 1st 2000
- ⇒ Applies in all EU member states

### When should be retrofitted?

- ⇒ Directive in national law by August 2008
- ⇒ All heavy vehicles are required to carry a device for improved lateral vision not later than **31 March 2009**

DOBLI<sup>®</sup> with  
EU type approval e4

### Benefits of DOBLI<sup>®</sup> mirror

- ⇒ Blind spot visible to the extend that exceeds common solutions
- ⇒ Good view in all weather conditions
- ⇒ Nicely sized and easy mounting
- ⇒ Made to fit for any type and brand
- ⇒ Economical and effective solution

**Improved sight • ECE-approval • Inexpensive**

**Certainty for the driver —  
Security for all road users!**
